## User manual

### CONTROL

- 1) Insert 2 AA batteries into the remote control.
- 2) To switch the vibration on/off, the wheel on the side of the controller is used for smooth vibration control.

### MAINTENANCE

After each use, rinse the vibrator with lukewarm water and soapy detergent. You can also use an **erotic cleaner**, which also helps to remove microscopic dirt. Simply spray the product, leave it on for about 1 minute and then dry with a towel or cloth that does not leak fibers.

### WATERPROOF

The vibrator is **not waterproof or water resistant!**

### LUBRICATION

Due to the material of the vibrator, you can use **lubricants of any base**.

### DRIVE AND CHARGING

The vibrator (remote control) is powered by two AA batteries. We recommend using alkaline or rechargeable batteries for longer battery life.

### STORAGE

Store separately from other erotic aids in a dry and dark place.
