**WARNING! READ SAFETY INSTRUCTIONS FIRST!**

**TO REDUCE THE RISK OF BODILY INJURY, CAREFULLY FOLLOW THESE INSTRUCTIONS.**

- The Autoblow 2 must only be used with an original Autoblow 2 compatible sleeve installed.
- Failure to insert the sleeve into the machine before use could result in **SERIOUS BODILY INJURY.**
- **THE AUTOBLOW 2 IS AN ELECTRICAL APPLIANCE. DO NOT USE IT IN OR NEAR WATER OR BODILY INJURY OR DEATH MAY OCCUR.**

**How To Use The Autoblow 2**

1. The Autoblow 2 machine comes in a single size. The interchangeable sleeves come in 3 sizes. Make sure you have selected the proper sized sleeve following the sizes shown on the packaging.
2. Remove your sleeve from its plastic storage bag and install the sleeve into the Autoblow 2. An installation tool (long plastic stick) has been included to help you install the sleeve, if necessary.
3. The sleeve should be inserted so that the bottom of the sleeve extends completely through all rows of beads.
4. Plug the electrical adapter into the small opening on the bottom of the Autoblow 2. Plug the other end into a wall outlet (110v – 240v).
5. Use a water-based lubricant to help insert your penis into the sleeve which you have already installed into the Autoblow 2.
6. Once your penis is inserted, turn on the Autoblow 2 using the dial located on the bottom of the machine. The dial will allow you to control the speed of the up/down stroking motion.
7. When you are finished, remove the sleeve for easy cleaning. Read the sleeve cleaning instructions below. Remember to always store your sleeve in its own air-tight plastic bag and to not let it touch other materials while in storage.

**Autoblow Machine Cleaning & Storage Instructions**

1. The Autoblow 2 is an electrical appliance. It is not waterproof, water resistant, or splash resistant. Do not submerge it in water before, during, or after use. Do not allow water or lubricant to enter the interior of the Autoblow 2.
2. Always unplug the adapter from the wall outlet before cleaning the Autoblow 2.
3. The outer casing of the Autoblow 2 can be cleaned with a wet washcloth. For a deeper cleaning, you can wipe it down or spray it with isopropyl alcohol (rubbing alcohol, hand sanitizer, or sex toy cleaner).
4. Dry your Autoblow 2 main unit by using a towel, or let it air dry. Store it at room temperature, out of direct sunlight.

**Autoblow 2 Re-useable Sleeve Cleaning & Storage Instructions**

1. After use, remove the Autoblow 2 sleeve from the Autoblow 2 main unit for cleaning. Do not attempt to clean the sleeve while it is installed in the Autoblow 2.
2. Clean the Autoblow 2 sleeve using warm water and an anti-bacterial soap.
3. Let the Autoblow 2 sleeve air dry or pat it dry with a lint-free towel.
4. Only use water-based lubricants with your sleeve. Oil or silicone based lubricants will damage the sleeve material.
5. **IMPORTANT: TO RETAIN THE ORIGINAL SILKY FEEL OF YOUR AUTOBLOW 2 SLEEVE, ALWAYS STORE IT IN A PLASTIC BAG AND DO NOT LET IT COME INTO CONTACT WITH ANY OTHER MATERIALS. DO NOT LEAVE THE SLEEVE INSTALLED IN THE AUTOBLOW 2 FOR EXTENDED PERIODS OF TIME. TO FURTHER RENEW THE SILKY FEELING OF YOUR AUTOBLOW 2 SLEEVE, YOU MAY ADD CORNSTARCH INTO THE PLASTIC STORAGE BAG.**
6. Store your Autoblow 2 sleeve at room temperature, out of direct sunlight.

The sleeves are designed for single person use **ONLY**. Do not share!
